

UTM 2025 Summer School
7-20 July 7, 2025
Registration Due: May 25, 2025

1. Introduction

Universiti Teknologi Malaysia (UTM) is one of Malaysia's top five national universities. The university's main campus is in Johor Bahru, the southern tip of West Malaysia, covering an area of 1,177 hectares. There is also a city campus based in Kuala Lumpur City Central, covering an area of 38 hectares. UTM ranked 188th in the world, 37th in Asia in the Quacquarelli Symonds (QS) World University Ranking, and 9th in the Asia International Research Network. UTM has been rated as a QS five-star university for many years. The main campus is in the Johor Bahru campus in southern Johor, Malaysia, more than an hour's drive from the Singapore Airport; the Kuala Lumpur campus is only a 5-minute from the city centre of Kuala Lumpur.

There are 12 faculties covering chemical engineering and energy, electrical machinery, machinery, civil engineering, artificial intelligence, architectural environment and surveying, education, science, computer, management, art, and humanities. The faculties offer 171 programs, including undergraduate, master's and doctoral. The beautiful campus has convenient transportation support, including UTM and public buses. The campus is green, with birds' chips and flowers blossoming. The buildings are rich with Southeast Asian architecture. Comfortable on-campus student apartments provide students with a good living environment and excellent services. The campus has indoor and outdoor sports fields, and the gym and other facilities are well-equipped, with tennis halls, swimming pools, basketball halls, banks, restaurants, convenience stores and wireless networks. UTM currently has more than 24,000 students, including over 5000 international students. UTM is highly internationalized and has established cooperative relationships with many well-known universities in Europe, America, Asia, and Australia.

2. Program dates

7 – 20 July 2025 (Two weeks)

3. Application conditions

- Open to full-time undergraduate and undergraduate students from colleges and universities cooperating with UTM.
- Independent and open to new environments.
