Welcome to Indonesia!

Indonesia is an archipelago country stretches across the equator, with biodiversity in natural resources, flora and fauna. Among the countries which have the largest number of population, Indonesia has a dynamic economy, cultures, and society.

Universitas Airlangga, as one of the highly reputable public universities in Indonesia, is located in Surabaya, the biggest city in the eastern part of Indonesia. Surabaya is the commercial and administrative capital city of East Java Province; a thriving business and industrial center and the province's main port.

Surabaya is well known as the city of hero, and strategically is located right in the center of Indonesia. Travelling from Surabaya, which has an international airport, is very convenient since there are many cities and breath-taking beautiful tourist destinations that can be reached easily from Surabaya such as Mt. Bromo, Yogyakarta, Lombok and Bali.

AMERTA calls outstanding students to experience an Indonesian diverse culture and a local East Java atmosphere to study for one or two semesters. This program is available for international students who are interested in a number of uniquely Indonesian perspective subjects in social and cultural aspects, economics, natural sciences, and health/life sciences. Inaugurated in 2014, it was successfully conducted for its first batch. All courses are fully delivered in English, and students are complimentary provided in Indonesian language learning and cultural trips during the programs. Field studies are compulsory in some courses to integrate theoretical perspective into practice.

AMERTA focusses on the current issues of Indonesia as developing country in the dynamic nature of globalization through the perspective of natural, health and social sciences. For natural and health sciences, they provide the wide array of knowledge about Indonesian biodiversity in flora and fauna, the dynamic of tropical medicine, and community empowerment in health especially for Indonesia as a developing country. While social sciences, they offer the dynamics of Indonesian urban culture, creative economy, and society as the impact of globalization.
