Bangunan Sultan Ibrahim, Johor Bahru

This program is intended for any levels of students who wants to learn more about Malaysian Architecture and Culture. The program offers an experience on one of the richest components of Malaysia's cultural heritage, which is the architecture. Study trips will cover four states in the west coast of Peninsular Malaysia. Selected project and designer will be chosen as case study.

Participants will be moving from one place to another in order to experience the uniqueness of Malaysian culture and its traditional and modern architecture. To facilitate further understanding of Malaysian art and craft, simple yet very interesting hands on activities will be embedded.

COST ESTIMATE:
 USD 1 500.00 (including inland transport, food and accommodation, excluding flight ticket)
